Grade allocation for next year.

In the past few weeks we have been completely inundated with requests regarding grades for next year. We have a very clear process and formula we use to ensure that all grades are equal in learning and social capabilities, gender and that each child has a friend they feel safe with.

We also have to work with the Grade 1 team this year as next year we have 1/2 composites, which adds another layer to the process.

We ask each child to select 3 friends they think they learn well with and we try our best to ensure one of their choices is met. We have watched all the children for a year so we know where they fit and who they will best be placed with. Please trust that we will put a lot of thought and effort into the grades to make sure your child is happy and settled next year.

As you can see by the process above it would be impossible to then meet everyone’s personal requests.

The staffing for next year is not yet finalised (apart from the Prep team 😊) but that will be released when Deb has completed that process. We don’t take requests for specific teachers.

If you have a very strong reason to make a request regarding next year we would ask you to email Deb Herrmann directly.

Swimming

Thank you so much to the mums that helped changed wet Preps at the pool this week. As you can imagine it is a big job for two teachers so any extra help is greatly appreciated!

Farewell and Welcome!

Last week we said good-bye to Lauren our 4th year student. The children made her a beautiful book and she was very sad to leave us.

We also welcome a few new students to our Prep grade, so please say hi if you catch our new families! We welcome Joy, Atticus and in a week or two Neve will join us too.

Excursion/Incursion Payments

Our Buddy excursion and the music incursion are on QKR ready to be paid. Please find printable notes on the school website for other forms of payments.
