THE PATCH PRIMARY SCHOOL

Indigenous Education

Rationale:
It is recognised that indigenous and non-indigenous students alike benefit significantly from programs that encompass aspects of the contemporary cultural heritage and lifestyle of indigenous people, as well as the history and traditional aspects of indigenous history. Furthermore, indigenous students benefit greatly from culturally inclusive school environments that recognise, respect and support their cultural background and cater for their individual needs.

Aims:
The indigenous education program will support all students in the classroom to:

- achieve improved educational outcomes;
- to promote, maintain and support the teaching of indigenous studies, cultures and languages to indigenous and non-indigenous students; and to strengthen relationships between indigenous communities and the school.

Implementation:

- Indigenous education within our school will be consistent with and embrace the Wannik strategy and its various initiatives where needed.
- All indigenous students will have an individual education plan.
- Indigenous students experiencing difficulty in literacy or numeracy will receive additional support consistent with their Individual Education Plan needs.
- All indigenous students will be monitored using our Performance Assessment Tool.
- Standards, targets, assessment and reporting will be consistent with school processes.
