On Wednesday, we will be back at Belgrave train station at approx. 3pm. Please collect your child from the train station.

Train Tickets: Students will not need their own Myki – we will be travelling on group tickets which will be the responsibility of the staff on camp.

Accommodation – the children will be allocated to a dorm room at The Melbourne Discovery Centre which is located in at 167 Franklin St, Melbourne. The Patch Primary school has an entire floor to which only teachers have the floor key and the building is monitored by security. The children will be given the opportunity to request friends and we endeavor to place them with at least one person on their list. Each dorm room can hold a maximum of 8 children. Please check out melbournediscoverygroups.com for further information regarding the accommodation.

If you need to contact us for any reason…
You may contact the school and they will contact us. The school will have all teachers’ mobile numbers.

Dress: Students will be required to wear full school uniform at all times whilst on camp. This makes it easier to identify them in large groups. Please ensure they are wearing comfortable sensible footwear as we will be walking a lot. Students will be required to wear school identification lanyards at all times.

Packing: When packing remember to pack light as your child must be able to carry their own luggage on public transport, upstairs and on busy streets. We will disembark the train at Flagstaff train station and students have to carry their own luggage to Melbourne Discovery centre to check
No bedding at all is required as Melbourne Discovery provide all sheets, doonas, pillows and pillowcases.

First Aid – all staff members are first aid and anaphylactic trained. Every staff member and parent helper will carry a first aid pack with them at all times.

Identification Cards – the children will be wearing their school identification lanyards whilst on camp.

MAKE SURE ALL ITEMS AND CLOTHING IS CLEARLY LABELLED!
