Children will take part in a 1-day camp experience at the Oasis Camp as part of our School Camp Program. The aim of the day program is to introduce children to the camp environment and a range of activities in the hope that it will excite them about future school camps and give them an idea of what to expect in future years. The students will have access to qualified instructors who will facilitate outdoor activities such as the flying fox and the low-ropes course. Morning tea & lunch is provided on the day.

We look forward to a great day of outdoor activity where the children can work together, play together and finally, celebrate a wonderful year of learning together.
