## ***VPass System on Trial***

We have recently implemented a trial of **VPass** as our method of recording students arriving late and leaving early and monitoring visitors to our school.

VPass is an iPad app that guides users through fields recording information similar to that required by our manual paper-based system. The iPad is attached to the wall on the right hand side of the Office counter. The benefits include:

- Reduction in paper consumption
- Reduction in manual record-keeping for teachers
- Information required in case of emergency re-location is easily accessible online via smart phone or iPad
- Enables us to meet our OH&S responsibilities easily
- Colour-coded lanyards quickly identify the purpose of a visitor to our school
- More effective management of school keys and security

If the trial is successful, we will continue to use VPass next year.

Users can simply follow the prompts on the iPad, ensuring each field contains data (*if the field is not relevant please enter any character to allow you to move on – all fields must include data*) and if you are signing your child in or out during school hours, please **be sure to pick up a 'Late Arrival' or 'Early Leaver' pass** which are found on the counter to the left of the iPad.

As always, your feedback is welcome so please let the Office staff know how you find this new system.

# Students Perform at Maldon Folk Festival

Hannah and Cadhla Schmidli, along with Sadie and Charlie Mustoe, formed a band called "**The Patch Tags**" last year and their reputation and success as a talented band have been steadily growing. They started off busking in Maldon last year and brought it home to the locals where they were subsequently spotted and asked to perform at The Basin Folk Festival. They won first place at the Emerald Ukulele Festival and second place at the Belgrave Buskers Festival. They supported a touring American band "*Man & Minx*" at a House Concert hosted by Jennie Simpson and have supported "*Picasso Special*" at a couple of events now. To make this even more of a special achievement, 50% of their repertoire is original, predominantly written by Sadie and Hannah.

Below is a link to their bio on the Maldon Folk Festival line up for this weekend (you will find it about two thirds of the way down the page) and this also links to their website.

<http://www.maldonfolkfestival.com/performer-bios.html>

Congratulations to **Hannah, Cadhla, Sadie and Charlie** on their success and thank you for sharing your talent with the community!

# うきます か。 しずみます か。 *Does it float? Does it sink?*

The Education Department's Language Advisor for the North Eastern Region has been looking for a primary school with Polycom conferencing facilities and that also teaches Japanese, for a very exciting project. She has asked The Patch Primary School if we would be willing to participate.

The project consists of one junior grade learning some specific Japanese, and then participating in a 30 minute science lesson via the Polycom (Television) conferencing system – all in Japanese. (This is similar to Skype or Facetime.) This session would be recorded, and used for teacher training sessions. This is part of a new style of Japanese language learning called CLIL, where students learn the language through learning another subject, such as science, PE, Art, etc. It is also a valuable tool, as it allows teachers in different locations to teach second languages to students at schools without language teachers.

On Monday 17<sup>th</sup> November, a teacher at Huntingdale Primary School (a bilingual English-Japanese school) will teach our Grade 2B a science lesson in Japanese, over the Polycom conferencing system.

Students have been working hard to familiarize themselves with the key vocabulary and grammar required for this lesson. Students have also been discussing various communication techniques such as body language, and situational context to help understand instructions if they are having difficulty with any unfamiliar words.

On Monday, we linked up with Huntingdale Primary School, so students could get used to the technology and meet their teacher for the session. At first, students were a bit quiet, however, that did not last long, and students were surprised at what they could understand! We look forward to the science class on the 17<sup>th</sup> November!

# Thank You For Your feedback!

A big thank you to all those who completed our **Uniform Survey** earlier this year - we had a fantastic response rate!

A summary of feedback follows:

- 96% of respondents are **generally happy** with our school uniform;
- 84% of respondents would buy a **winter pinafore** for their daughter;
- 83% are familiar with the school's **Uniform Policy**;
- 75% would like **one new two-tone polo shirt**, to replace the two plain navy & sky polos;
- 60% would buy a **Polar Fleece Vest**;
  
- Most parents would not like a poly/cotton V-neck jumper to be added to the Uniform; and
- Most parents would not like a 100% cotton polo shirt to be added to the Uniform.

The most frequent general response comments were regarding:

- The need for a **girl's winter uniform**; and
- The need for the Uniform Policy to be **universally & consistently** enforced.

**Your feedback has resulted in a number of exciting changes as follows:**

1. **A new two-tone polo shirt** will be available from Term 1 2015 (*NB: the current plain Navy & plain Sky polos will remain recognised uniform items for a number of years until they are phased out, to ensure that the current shirts you own achieve maximum wear*);
2. The new **Polar Fleece Vest** is already in stock at the Uniform Shop;
3. **New winter pinafores** will be available for Winter 2015;
4. A **new Sky blue skivvy** will be available for Winter 2015 (*particularly for wearing underneath the pinafore*);
5. The **fabric of the girls Summer Dresses** is now slightly thicker;
6. A **new Uniform Policy**, with specific recognised uniform items, has been developed and will shortly be distributed for public consultation. (*Please utilise this opportunity to provide us with important feedback*).
7. We have done a **complete overhaul** of the way we order & store uniforms. Therefore you are most likely able to obtain the majority of items when you need them, without having to wait weeks for delivery.

We welcome your feedback on an ongoing basis. Please either speak to our Uniform Shop volunteers directly, or complete one of our generic feedback forms from the office.

**Congratulations to** Miranda in 5/6A for achieving terrific results in her 2<sup>nd</sup> grade flute exam with the Australian Music Examination Board.

A wonderful achievement!

## PICK-UP ETIQUETTE

We supervise nearly 300 children at the pick-up every afternoon but this is only possible when everyone works within the guidelines we have in place.

Please remember that ***cars are not to park anywhere along the gutter at the pick-up*** and you will notice that this is clearly marked (including just inside the entrance gate).

It does take patience on everyone's part to manage this short window of time in a safe manner so we thank you very much for your understanding.

## VOLUNTEERS NEEDED

Our fabulous Uniform Shop Volunteers are in need of some help.

If you are interested in contributing a small amount of time to assist with some clearly defined jobs ranging from half an hour per month to a couple of hours each week, please consider speaking with the Uniform Shop ladies about joining their team.

This is a great way to get to know other parents, utilize your skills or perhaps learn something new.

Please give it some thought over the holiday break and, if you are at all interested, speak with one of the team on any Thursday morning (new opening time 9am – 9.30 Thursday) or leave your details with Jody at the office and we will arrange for someone to give you a call.

Thanks for your support 😊

# Education Maintenance Allowance

Information about changes to Education Maintenance Allowance as a result of the School Reform Agreement made between the Victorian Government and Commonwealth Government.

## What is EMA?

The Education Maintenance Allowance currently provides financial assistance to low-income families to help meet costs associated with the education of their children.

## How it is paid?

Parents can currently elect to have their EMA paid in one of the following ways:

- paid by direct deposit (Electronic Funds Transfer) into the parent's bank account or
- paid directly to the school to be held as credit which the parent can use towards education expenses; or
- paid by cheque which will be posted to the school for collection.

In 2013 over 70 per cent of parents receiving the EMA chose to have their EMA paid directly to their school. Each school would then use the funds for a range of expenses for that child.

## Who is eligible?

The EMA currently provides financial assistance to Victorian families on a low income to help with the cost of educational items such as textbooks, stationery, uniforms and excursions.

It is a means-tested payment - parents must hold a Centrelink or Veterans Affairs concession card to be eligible.

## What is changing?

In the recent School Reform agreement signed with the Commonwealth, the Victorian

Government has changed the way it helps low income families with education expenses.

From 2015, the Government will distribute the funds previously used for the EMA directly to schools. DEECD will develop the arrangements to be used to distribute these funds to schools – consultation will occur with stakeholders about this.

## Why?

Under the recent School Funding Reform an additional \$12.2 billion will be allocated to Victorian schools.

## Will my child be worse off?

No. Education funding for children will increase but will be delivered to your child in a new way through their school. The new agreement provides that schools with the most vulnerable students will receive the funding they need.

The students who will benefit the most from this funding agreement are those who are the most vulnerable.
